

Announcement of Darunsikkhalai School for Innovative Learning

No.027/2020

Practices for Working at School Under COVID-19 Situation

Under the current situation of COVID-19 with decreasing cases in Thailand, the school has started trimester 1/2020 from 25 May 2020 through online platforms. Students are learning from home until the situation is fully controlled while staff members are requested to return working at school. In order to promote utmost learning efficacy and to maintain good hygiene which helps reduce the risk of infection, the school has therefore announced the practices as follow:

1. Wear a hygienic face mask or a mask with droplet protection when going in a public place, entering a closed area with air conditioner, as well as having physical contact.
2. Keep social/physical distancing, approximately 1.50 – 2 metres, among one another when working in a closed area or having physical contact.
3. Always wash hands with liquid soap when coming to the school, before preparing/eating food, after touching items, or when hands feeling dirty. For dry cleansing, sanitizer with at least 75% alcohol base is recommended to be carried with.
4. For eating areas, stay only at 1st or 5th floor where good ventilation with at least 1.50 metres social/physical distancing.
5. For class operation through online platforms such as Zoom Meeting, stay in separate rooms (max. 4 persons for each room) with at least 1.50 metres social/physical distancing.

Announced on 25 May 2020
